Teaching Assistant Expectations

2026-08-22

Table of contents

A teaching assistant for this class is expected to:

- Triage student GitLab Issues at least once daily.
- Staff 3 lab hours each week, communicating these hours via Canvas calendar.
- Help provide timely assignment feedback via GitLab Merge Request code reviews.

These responsibilities are expected to take up to 10 hours / week.

Dr. Palmeri will have a group Teams chat for "realtime" communication with all TAs and the department lab staff.

Students who are paid hourly must submit timecards by 5 PM on Mondays when timecards are due so that Dr. Palmeri can approve your hours in a timely manner.
